Product Description

Product Description:

The car head unit frame is a versatile and essential component for any car enthusiast who wants to upgrade their in-car audio experience. This product features universal compatibility and is suitable for a wide range of car models. Designed to be placed in the dashboard, this car radio frame integrates seamlessly into your car's interior, providing a sleek and modern look.

One of the standout features of the car head unit is its built-in Bluetooth capability. With Bluetooth connectivity, you can easily stream music from your smartphone or other device directly to the head unit, transforming it into a powerful car music player. With this convenient and innovative feature, you can enjoy your favorite music anywhere, anytime.

Whether you're on a road trip or just commuting, the car head unit can be used as an in-car playback unit, allowing you to easily control music and audio playback. Say goodbye to outdated and bulky in-car entertainment systems - this head unit simplifies the way you enjoy music on the go.

In addition, the car head unit is equipped with a car wiring harness connector, ensuring a safe and reliable interface between the head unit and the vehicle's electrical system. This seamless connection enhances the overall performance of the car radio system, providing clear sound quality for an immersive listening experience.

Upgrade your car audio system with a car head unit and take your driving experience to new heights. Whether you are a music lover, an audiophile, or just enjoy the convenience of modern technology, this head unit is a must-have accessory for your vehicle.

Our Product Introduction

Applications:

The ChangCheng CC-007.Cars Head Unit is a versatile product designed for various Product Application Occasions and Scenarios. With its reliable performance and user-friendly features, this head unit is suitable for a wide range of settings.

One key application scenario for the ChangCheng CC-007 Cars Head Unit is in the Car's Radio System. This head unit can seamlessly integrate into the car's existing audio setup, providing a high-quality audio experience for drivers and passengers alike. Whether you are commuting to work or going on a road trip, this head unit ensures that you have access to your favorite radio stations and music playlists.

Another important application occasion for the ChangCheng CC-007 is as an In-Car Playback Unit. With Bluetooth connectivity and support for various audio formats, this head unit allows users to stream music from their smartphones or other devices directly to the car's sound system. This feature is especially useful for long journeys or when driving alone.

Thanks to its easy connection to the Car Harness, the ChangCheng CC-007 can be quickly installed on the dashboard, making it a convenient and accessible addition to any vehicle. The head unit's Placement in the dashboard ensures that drivers can easily control their music and radio settings without being distracted from the road.

Furthermore, the ChangCheng CC-007 Cars Head Unit comes with a one-year Guarantee Period, providing customers with peace of mind and assurance of the product's quality and durability. The head unit's Certification for FCC and ROHS compliance further underscores its reliability and safety standards.

Whether you are an individual looking to upgrade your car's audio system or a retailer interested in stocking quality car accessories, the ChangCheng CC-007 Cars Head Unit is an excellent choice. With a Minimum Order Quantity of 5 units, competitive Price of 13USD, and reliable Supply Ability of 1000PCS, this head unit offers great value for money.

Order now and experience the convenience and performance of the ChangCheng CC-007 Cars Head Unit. With fast Delivery Time, secure Payment Terms (TT), and sturdy Carton Packaging Details, you can enjoy a seamless purchasing and installation process.
