- Socket: USB Type-A USB Type-C
- Model: Carplay Box
- Car Fitment: Universal
- Highlight: Android CarPlay box with global compatibility,  
98% car Android Auto adapter,  
state-of-the-art design CarPlay system

### Product Description

#### Product Description:

The Android Car Connect Box is a cutting-edge device that seamlessly integrates your car with the latest technology, providing you with a smart and connected driving experience. This Android Carplay Adapter is designed to support both Google Play Store and Apple Carplay, offering you a wide range of apps and features to enhance your journey.

With a compatibility rate of 98% with global car models, this Android Carplay Box is suitable for most vehicles on the road today. Whether you own a sedan, SUV, or truck, this versatile device can be easily installed to bring your car up to date with modern connectivity.

Equipped with USB Type-A and USB Type-C sockets, this Android Carplay Adapter ensures fast and stable connections for your devices. Whether you need to charge your smartphone or connect a USB drive, this adapter provides you with the flexibility to stay connected on the go.

The Bluetooth Version 5.0 technology integrated into this Android Car Connect Box ensures seamless wireless connectivity for your devices. Enjoy hands-free calling, music streaming, and other Bluetooth-enabled features with enhanced speed and stability.

Made from high-quality ABS material, this Android Carplay Adapter is durable and built to last. Its sleek design complements your car's interior, adding a touch of modernity to your dashboard. The compact size of the adapter ensures that it does not take up much space, allowing for a clutter-free and organized driving environment.

Whether you are navigating through city streets, embarking on a road trip, or simply running errands, the Android Car Connect Box enhances your driving experience with its advanced features and seamless connectivity. Stay connected, entertained, and informed while on the road with this innovative device.

Our Product Introduction

## Features:

Product Name: Android Carplay Box  
Current: <1.5A  
Model: Carplay Box  
Application: 98% Global Car  
Display: HDMI Output, Supports 1080P Resolution  
Socket: USB Type-A USB Type-C

## Applications:

The Carplay Box, an Android Carplay device, is a revolutionary product designed to enhance your driving experience by seamlessly integrating your smartphone with your car's infotainment system. Made in China, the Carplay Box is a cutting-edge Android Carplay adapter that offers a wired to wireless connection for ultimate convenience.

One of the key application occasions for the Carplay Box is during your daily commute. Whether you're navigating through traffic, listening to music, or making hands-free calls, the Carplay Box ensures that you can stay connected and entertained while keeping your focus on the road.

Another ideal scenario for using the Carplay Box is during long road trips. With its USB port and Bluetooth version 5.0 connectivity, the Carplay Box allows you to stream music, access navigation apps, and even control smart home devices from the comfort of your car. For those who rely on their smartphones for work, the Carplay Box provides a seamless solution for staying productive while on the go. By enabling easy access to apps like Google Maps, Spotify, and WhatsApp, the Carplay Box ensures that you can stay connected and efficient while driving to meetings or appointments.

Furthermore, the Carplay Box is perfect for car enthusiasts who want to upgrade their vehicle's technology without investing in a new car. Its Android operating system and advanced features make it a versatile and user-friendly addition to any vehicle.

In conclusion, the Carplay Box is a must-have Android Carplay device that offers a wide range of application occasions and scenarios for drivers looking to enhance their in-car experience. Whether you're a daily commuter, a road trip enthusiast, a busy professional, or a car tech enthusiast, the Carplay Box is the perfect solution for seamless connectivity and convenience on the road.

## Support and Services:

Our Android Carplay Box product comes with comprehensive technical support and services to ensure a seamless user experience.
