Technological Leap

AI Voice Denoising

Ambient Noise Cancellation Bluetooth calls are clearer

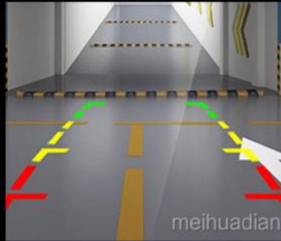

Optimum choices of Audio components

Adopting high-definition digital signal transmission technology, combined with audio noise reduction algorithm, it can effectively reduce environmental noise and improve call clarity whether you are on a noisy street or at 120 km/h highway

Omni-scenario Smart Cockpit Future Integrated

HD Reverse Assistance

Dual-channel Dashcam

Collision Monitoring System

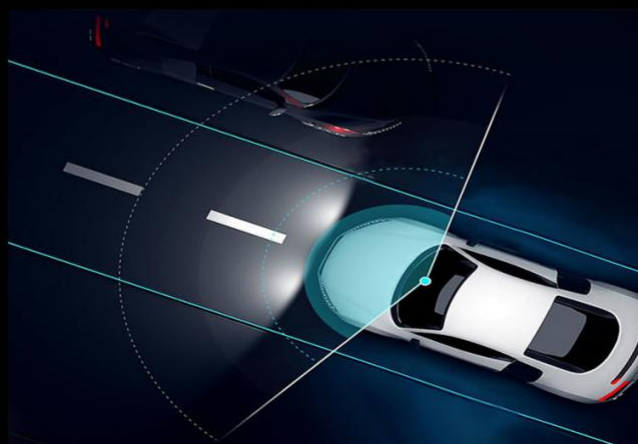

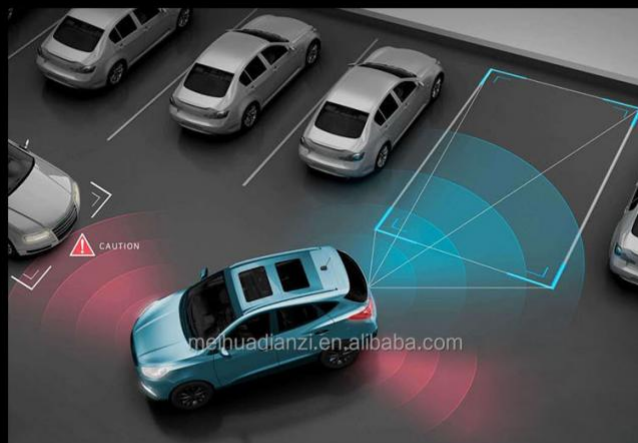

360° Panoramic Scanning

360 panoramic view

5G WiFi & 5.0 HD Bluetooth

5G WiFi signal bandwidth provides a wider coverage range, approaching lossless audio transmission. The anti-interference ability is stronger, the network speed is stable, and the transmission speed is about 50% faster than Bluetooth 2.4 version. Bluetooth 5.0 connection is easier and the transmission is faster

5G

5G WiFi transmission rate

Increase by 37%

Normal WiFi transmission rate

G-SENSOR EMERGENCY LOCK

Built-in G-sensor for emergency locking the current file from being overwritten in case of collision

Remote replay loop recording

Parking Monitoring

Collision wake-up video

Collision video lock

Company Profile

Shenzhen MeiHua Electronic Technology Co., Ltd was established in 2010 and is a high-tech company integrating R&D, production, sales and service. We are committed to the research, development and manufacturing of automotive wiring harnesses, CANBUS systems, and frames. Our products are widely used in automobiles, home appliances, communications, electronics, high-speed rail, and automation industries.

High standard quality inspection system

- Strict Accordance with quality management system
- With a professional, efficient and rigorous team
- Products are exported to over 100 countries and regions

Package&Shipping

- Giftbox with bubble bags.
- Standard Four-layer export carton.
- Lead time: 1-2 working days for sample order, 3-5 working days for mass order.
- Delivery methods for small orders: By DHL, FedEx, EMS, UPS etc.
- Delivery methods for mass orders: By sea, air, exclusive way etc.

Frequently Asked Questions

Q1: Can I have a sample order?

Yes, we can provide samples for testing and quality verification. Mixed samples are acceptable.

Q2: What is the lead time?

Sample orders: 1-2 working days. Mass orders: Usually 3-5 days, depending on order quantity and specific requirements.

Q3: How to proceed with the order if I need to have my logo printed?

Minimum order quantity of 300 pieces per item is required. Please provide AI file of your logo, and we will create a sample for your confirmation.

Q4: What are the payment methods?

We accept T/T, L/C, Western Union, MoneyGram, and PayPal. For bulk orders: 30% deposit, 70% balance payment before shipment.

Q5: Do you offer guarantee for the products?

Yes, we provide a 12-month warranty on all products.

Q6: Do you test all your goods before delivery?

Yes, we perform 100% testing before delivery to ensure quality.

Q7: Will your harness work for all 9-inch or 10.1-inch universal car radios?

Our harnesses support all standard 9-inch or 10.1-inch universal car radios. If unsure, please send us the radio wiring definition for confirmation.
